

ARENA INTERIORS

FUNCTIONAL FLAIR

WELL-DESIGNED CABINERY FOR ALL

This fresh, innovative kitchen by Arena Interiors, in conjunction with Swell Homes, features an inventive use of opposing textures to create a bright, airy design that welcomes you into the home.

The exposed brick feature wall draws attention to the benchtop and island table, giving the space an industrial feel. Combining this with the white satin two-pack lacquer cabinetry (by Impression by WSP) and the solid timber benchtop creates a modern look that is clean and well-designed.

The owners had a distinct idea of the types of materials and finishes they wanted, so it was only a matter of building a kitchen to fit their needs. The layout was optimised for functionality, using symmetry in the overhead cupboards and placing the sink in the middle of the island bench to produce a central focus.

Arena Interiors is a locally-based family business that has been operating for more than ten years, delivering the highest calibre of craftsmanship to set the benchmark for high-end cabinetry.

The company employs a team of more than 20 highly skilled staff, including specialists in designing and drafting, along with machinists, cabinetmakers and a complete quality control team. It runs an established sponsorship and apprentice program to attract the best tradespeople from all over the world, while ensuring that it takes on talent from the community.

Building approximately 100 kitchens a year, Arena Interiors is well-placed to handle any project that comes its way. The company offers a wide range of styles, materials and hardware to suit any taste and budget, and the majority of its work is completed in Fremantle and the Western Suburbs.
